Dear Parents/Carers,

Re: Consent to use copyright material, images, recording or name

Occasionally there may be an opportunity for your child to be photographed for the celebrations of their achievements for possible inclusion in newspapers, brochures or other promotional documents, display their work in public areas such as in shopping centres, and have their full name displayed with their work or photograph.

Would you please advise on this form below if you DO NOT wish to give permission for your child's involvement.

Kind regards

Helen Peters,
A/Principal
